

We're Back!

LEHP-Australia
Lions Eye Health Program

CHILDREN'S VISION SCREENING PROGRAM

With restrictions easing we are looking for Lions interested in joining our **team of screeners**. Over the next few months LEHP will be focusing on travelling to different locations, providing **face to face** information and **hands on** experience.

To book a facilitator to visit your club / zone you will need:

- A minimum of 8 participants
- All participants must be a registered Lion, partner of a Lion or Leo
- Essential for participants to have completed an online information briefing prior to the face to face session (lehp.org.au/online-training-course)
- Have access to a pre-school / primary school (LEHP Management can assist with this)

To organise a session at a location near you please complete the attached form.
