

LEHP-Australia
Lions Eye Health Program

28th March 2022

Attention: The President,

Dear Lion President,

Once again, it is an honour to update all Lion Clubs on the continued success of the Lions Eye Health Program (LEHP-Australia); regarded by contemporaries in the sight and vision sector, as the premier sight and vision care program in Australia.

Members of the LEHP Management committee join with me in extending our sincere appreciation for all the support you have contributed towards the success and promotion of this important Lions Australia project. I acknowledge the last 2 years have not been easy as we all negotiate a way forward and manage clubs' activities whilst observing the consequences of the Coronavirus pandemic. Our best wishes are extended to everyone during these difficult and challenging times.

LEHP has used the down time over the past 2 years to concentrate on developing our Children's Vision Screening program. We have updated and fine tuned our operational manuals, policies, and procedures. We are excited to train up more Lions this year and really infiltrate local schools and sporting clubs with this valuable community service.

To maintain our efforts and expand on initiatives once again I encourage you to support the program through a voluntary contribution of \$4.00 per member. Depending on circumstances many clubs provide additional contributions which are warmly received and directed towards ensuring all Australians are aware of the necessity for regular eye examinations. The cost of operating the Children's Vision Screening Program (CVSP) is significant and needs the support of Lions Clubs Australia wide. It is also a requirement that clubs conducting CVSP be participating clubs.

Please mail or direct deposit your contributions as per the attached participating club registration form. Many of you have been regular club contributors over recent years. I thank you for that and look forward to your continued support. Remember Sight and Vision loss is one of LCI's core elements of service and has been since 1925.

I am aware we all receive numerous requests for funds and resources need to be carefully applied. I assure you all funds raised for LEHP are judiciously directed for further education and awareness in the wider community, together with members within our own Lions family. Continued support of the program by your annual voluntary contribution and/or additional donation allows us to maintain and expand this vital community service activity, particularly the Children's Screening segment of the program.

Thanks, in anticipation of your continued support. Together with members of our Management Committee and our National Program Manager Leah Evans, I am always available and willing to assist you whenever, so do not hesitate to make contact.

Yours sincerely,

Max Holmes

Lion Max Holmes
LEHP- Australia Chairman

PARTICIPATING CLUB REGISTRATION FORM - 2022

Please complete and return this form, with your payment, to:

Bill Duncanson
Lions Eye Health Program - Australia
PO Box 86
CAMPERDOWN VIC 3260
